Foreword

Rochdale MBC aims to be recognised as a leader of diversity and equality in its work and as an example of good practice in the delivery of services and employment. This Single Equality and Community Cohesion Policy for Rochdale's schools reflects this ambition and outlines the activities which will deliver this.

Equality of opportunity and social inclusion issues will ensure that all school communities can truly benefit from and contribute to the improvements we are making, which will bring long-term and positive benefits for Rochdale Borough. Therefore the school's Single Equality and Community Cohesion Policy will require ownership by Governors, senior leaders, all staff, the school community and the pupils in order to succeed.

This policy serves essentially two purposes:

1. To set out a school's overall commitment to equality and community cohesion in one central document for past, present and prospective pupils. The Policy therefore contains the school's approach to all relevant protected characteristics of: **Disability, Gender, Gender reassignment, Pregnancy and maternity, Race, Religion or Belief and Sexual orientation.**
2. How the school will manage, plan and include its Single Equality and Community Cohesion Policy within its day to day work.

Schools also have obligations as employers and a service provider against the protected characteristics of Age and Marriage and Civil partnerships. These obligations are not covered in this framework as this policy is concerned with a school's obligations to its pupils (mainly present and prospective pupils and where relevant former pupils and staff). Separate policy guidance covering recruitment and employment is available from Schools Personnel team and the Local Authority.

This Single Equality and Community Cohesion Policy will help schools ensure that they focus more on the outcomes that matter to pupils, community and people who use their services; and that their services are more accessible and delivered effectively. This policy provides a framework for the school to **eliminate prohibited conduct, advance equality of opportunity and foster good relations** in a proactive way.

The Single Equality and Community Cohesion Policy is based on the Equality Act 2010.

Much of what is required of schools is already being carried out by them. The main new provisions in the Equality Act 2010 are:

- new disability discrimination provisions (direct disability discrimination, indirect disability discrimination and discrimination arising from disability)
- new protected characteristics
- new positive action provisions

Schools also have a "specific duty" to publish information around their equality objectives in an accessible manner by April 2012.

Finally, as schools are already aware, avoiding discrimination and promoting equality supports the agenda of improving attainment and progression for all pupils. Good education and skills are crucial for opening up opportunities and increasing the chance of a successful life. Furthermore, Equality and Community Cohesion is an important part of OFSTED inspections through the Quality of Teaching judgement (Spiritual Moral Social & Cultural element) and need to be considered at all time.

Introduction

There were a number of statutory duties that schools were required to meet prior to the Equality Act 2010. As such, with the implementation of this act and the harmonisation of previous legislation, this policy will refer to the Equality Act 2010 and its various provisions as the legislative framework through which this Single Equality and Community Cohesion Policy will operate.

In the development of this Single Equality and Community Cohesion Policy **Little Heaton C of E Primary School** has moved from a focus on an individual response to an approach that builds on **disability, gender, gender reassignment, pregnancy and maternity, race, religion or belief and sexual orientation** considerations from the start and at every level of the school, at strategic, policy, management and classroom level. We will demonstrate what we have done and what we plan to do to improve opportunities and outcomes for pupils, staff, parents and other users of the school. This policy will be monitored and delivered through the governors' role, School Improvement and Self Evaluation process.

We will ensure that every pupil irrespective of the protected characteristics is able to achieve high standards and that strategies are in place to tackle under-achievement. We will ensure that every pupil has access to the necessary support required to enable them to achieve their highest potential. We will ensure that the school's procedures for disciplining pupils and managing behaviour are fair, effective and equitable.

Our intention is to ensure that the adults working or volunteering in the school include as much as possible a balanced representation of the local and wider community. We believe that this will provide good role models for pupils from all backgrounds.

This Single Equality and Community Cohesion Policy will be linked to a joint action plan which sets out how we intend to implement the policy over the next three years.

Little Heaton C of E Primary School sees this Single Equality and Community Cohesion Policy as a living document and we will continuously review the action plan in consultation with pupils, staff, parents, carers, governors and all other stakeholders where possible. We believe they need to be involved from the very start and their involvement will inform the preparation, development, publication, review and reporting of the policy and action plan to ensure that we meet the needs of people from different backgrounds.

Include here a statement that gives the school's commitment to the public sector duty which came into force from April 2011:

- eliminating prohibited conduct
- advancing equality of opportunity
- fostering good relations

1. Middleton Township

In Rochdale Borough 18 neighbourhoods were identified amongst the 7% most deprived areas nationally (using the 1998 Index of Deprivation), and a further 4 neighbourhoods identified as being “at risk” of decline.

Overall Deprivation IMD for Lower Super Output Areas as RATES.

The Indices of Deprivation included an overall index of multiple deprivation. This combines seven domain (thematic) measures of deprivation to produce one overall level of multiple deprivation. The data is published at Lower Super Output Area level only.

At district level there are six summary measures and Rochdale is in the 50 most deprived districts in England in each of the measures. Overall Rochdale ranks as about the same relative to other districts compared with the Indices of Deprivation 2000 (which were based on data from 1998/1999). Rochdale borough is one of the most deprived boroughs in England and is ranked between 12th and 46th most deprived in the Indices of Deprivation 2004 measures of deprivation at district level.

There are 32,482 LSOAs in England. Every few years a large amount of data is collated and analysed at LSOA level, allowing all 32,482 to be ranked. In Rochdale out of 135 LSOAs, when ranked 16 are in the

Little Heaton Church of England Primary School

3% most deprived in England, 36 are in 10% most deprived and 57 in 20% most deprived. 12% of the borough's population (925,800) live in the 3% most deprived LSOAs.

Ethnicity

The vast majority of people in Rochdale Borough (173,400 equivalent to 84%) are from a White British ethnic background. People of a Pakistani background make up the largest minority ethnic group, with nearly 17 thousand people (8.2%).

The latest ethnic population estimates (2006) are a one-off experimental release and are therefore less robust than Census data.

Comparing the two years shows an increase in the proportion of each minority ethnic group except white Irish. The groups with the smallest numbers in the borough tend to exhibit a larger proportional growth, representing increasing diversity.

NRS areas have a larger proportion of people from minority ethnic backgrounds. There are nearly 9 times as many people from a Bangladeshi background and nearly 4 times as many people from a Pakistani background in NRS areas than in Non-NRS areas.

Overall deprivation:

Overall deprivation is a measure of deprivation taking multiple factors into account. The measurement is from the Indices of Deprivation 2007 (ID 2007), updating the previous 2004 indices. The ID 2007 is published at Lower Super Output Area.

Rochdale Borough is one of the most deprived boroughs in England, and is ranked between 10th and 44th most deprived in the Indices of Deprivation 2007 at district level. This compares with ranks between 12th and 46th in the ID 2004.

As a district Rochdale Borough is ranked 25th most deprived (out of the 354 Local Authorities in England) in terms of the average scores of its Lower Super Output Areas (LSOAs). This rank is identical to that recorded in the ID 2004 data.

Rochdale is made up of 135 LSOAs, of these:

☐ 16 are in the 3% most deprived in England (13 in the ID 2004)

☐ 36 are in the 10% most deprived in England (35 in the ID 2004).

☐ 57 are in the 20% most deprived in England (58 in the ID 2004).

Overall deprivation is highest in parts of West Heywood, West Middleton, Kirkholt, Smallbridge and Firgrove and a concentration in the centre of Rochdale.

Little Heaton Church of England Primary School

Education Deprivation

Education is one of the seven Indices of Deprivation. It measures deprivation in relation to education, skills and training. The indicators take into account education deprivation for children/young people and lack of skills and qualifications among the working age population.

10 LSOAs in the Borough are among the 3% most deprived in England in terms of education deprivation.

2 LSOAs in Langley, 1 in Heywood and 1 in Kirkholt are among the 1% most deprived in England.

There is a concentration of LSOAs among the 10% most deprived in Central Rochdale.

The areas around Norden and Bamford, Wardle, and Littleborough are in the 25% least educationally deprived in England (75%-100% range).

Specific Equality Areas

Disability

What do we mean by Disability Equality?

We recognise that a person has a disability if they have a physical or mental impairment which has a substantial and long-term adverse effect on their ability to carry out normal day-to-day activities.

Our commitment

Little Heaton C of E Primary School is committed to promoting an ethos that safeguards the dignity and well-being of everyone and encourages practices that take into account the rights of individuals to be treated with dignity and respect. We will not tolerate any form of discrimination, harassment and victimisation directed at anyone because of their disability.

This Single Equality and Community Cohesion Policy incorporates our commitment and actions on disability equality. It demonstrates our commitment to addressing disability equality in our decision making and the delivery of education.

We are committed to promoting equality of opportunity for disabled pupils, staff and other users of our services so they can have equal access to all our school and its services. This policy is a statement of our commitment and shows clearly how we will work over the next three years to achieve our goal.

We will continue to review our policies, practices, and procedures so that they do not adversely affect anyone because of their disability. By also building this into our curriculum, working and procurement processes we will expect others to do the same.

We are currently supporting pupils and children for whom they may have 'unseen' disabilities, within school and make reasonable adjustments. We have accessible areas to all school areas and have one accessible toilet, including one with changing facilities. As well as a medical room with changing bed facilities. We have designated parking spaces at the front of school – whilst this is not yet marked out with yellow markings- this is a designated space for accessibility parking.

Our Aims and objectives

We have identified a number of specific actions designed to promote positive attitudes towards disabled people. We have committed to:

Little Heaton Church of England Primary School

- Plan curriculum based activities to raise awareness and improve understanding of disability issues amongst pupils and staff and as part of our SMSCD approach to worship these themes of equality are woven throughout our PSHCE curriculum and worship themes each term.
- Purchase any auxiliary aids required to ensure that disabled pupils have fair access to lessons. We currently have a pack for a child who requires this support.
- Health care boxes in the accessible toilet as well as each set of children's toilets as required for those children who need this support due to bowel disease and chronic ill health conditions along with hygiene bins in the designated key stage bathrooms for these children to use, and the accessible toilet for adults and children who may need this. (Also within the medical room)
- Ensure equal opportunities for disabled employees, parent and pupils.

- Make their intention known to someone at the school
- (Adults within the family are contacted and included in discussions and decision making with the child)
- Start to behave or dress according to the gender they identify with

Marriage and Civil Partnership

What do we mean by this?

This is when you are treated differently at work because you are married or in a civil partnership.

What the Equality Act says about marriage and civil partnership discrimination

The Equality Act says you must not be discriminated against in employment because you are married or in a civil partnership.

Little Heaton Church of England Primary School

In the Equality Act marriage and civil partnership means someone who is legally married or in a civil partnership. Marriage can either be between a man and a woman, or between partners of the same sex. Civil partnership is between partners of the same sex.

People do not have this characteristic if they are:

- single
- living with someone as a couple neither married nor civil partners
- engaged to be married but not married
- divorced or a person whose civil partnership has been dissolved

Our commitment

As a school we will not be discriminatory when providing teaching about marriage and civil partnership. We will accurately state the facts about marriage of same sex couples under the law of England and Wales, in a way that is appropriate to the age and level of understanding and awareness of the pupils. Teaching should be based on facts and should enable pupils to develop an understanding of how the law applies to different relationships.

Community Cohesion

What do we mean by Community Cohesion?

Little Heaton C of E Primary School adopts the Department for Education definition of community cohesion to mean working towards a society in which:

- There is a common vision and sense of belonging by all communities the diversity of people's backgrounds and circumstances is appreciated and valued
- Similar life opportunities are available to all.
- Strong and positive relationships exist and continue to be developed in the workplace, in schools and in the wider community."

Our commitment

For a number of years, we have been committed to promoting community cohesion as part of the response to the legal duties outlined in previous legislation.

We understand that Community Cohesion is the process that should happen in all communities to ensure that different groups and individual people get on well together. It should also allow for new communities and existing communities to adapt and integrate with one another. It is about developing relationships within and between communities. Working towards a society in which the diversity of people's backgrounds is appreciated and valued,

The school will promote community cohesion within a number of dimensions including:

- the school community
- the community within which the school is located
- the community of Britain
- the global community.

Teaching, learning and curriculum.

We encourage pupils to respect others and value diversity, to develop the skills to take responsible action. Opportunities are provided across the school for learners to gain confidence through initiatives such as school community teams; these consist of our Pupil Leadership Teams, Wellbeing Warriors-¹⁶

Little Heaton Church of England Primary School

school council, Digital Leaders, Eco team- Green warriors, Faith ambassadors and our head boy/ head girl and prefect system, so that they can play an active role in their community.

We have created a curriculum and school ethos which values diversity and emphasises common values.

We celebrate:

- A strong sense of individual rights and responsibilities within the school community.
- That all children and parents feel that they are being treated fairly and have the same opportunities.
- That children trust the school to act fairly.
- We have strong and positive relationships.

Equality

We provide equal opportunities for all pupils to succeed. We track the progress and attainment of groups and individuals. This information is discussed and is used to organise provision for all pupils to enable them to succeed.

Engagement and Extended Services

We actively involve parents and learners from different backgrounds, working together to promote diversity. Work is done in class to support this and displays around school promote diversity and inclusion.

We offer extended services for families e.g. Early Help, Family Learning, Parenting sessions.

We provide opportunities for pupils to interact with other schools that are diversely different to ours. This is done through school linking projects.

We ensure to engage all pupils and include pupil's voice within different areas of the curriculum.

We work with outside agencies such as Speech and Language Therapy, play therapy, Occupational Therapy, Educational Psychology and Social care to ensure the best possible outcomes for children and families.

We have staff in school that are Mental Health First Aid trained and a designated Mental Health First Aid Lead. – Mrs L Webster

Safeguarding & Building Resilience “Learning together to be safe”

Little Heaton C of E Primary School is fully committed to safeguarding the welfare of all children and young people by taking all reasonable steps to protect them and build resilience in accordance with the DfE guidance – *Learning together to be safe*.

This commitment is in line with our school's current Safeguarding policy and Child protection Policy and applies to all adults, including volunteers, working in or on behalf of the school.

We recognise that some young people, who are vulnerable to extreme views, may find it difficult to develop a sense of self worth and to view the world in a positive way. We also recognise that their behaviour may be challenging at times, and that some may cause offence or harm to others.

All staff are trained annual on safeguarding, safer working practices, FGM, Online Safety, Prevent and in house procedures. Information about safeguarding is displayed in the staff room and around school, including the use of pupil safety boards.

We work with the NSPCC; ensuring pupils receive workshops and training.
We buy in online safety training for all pupils, staff and parents.

Little Heaton Church of England Primary School

We will therefore always take a considered and sensitive approach in order that we can support all of our pupils by

- providing a safe environment for children and young people to learn and develop in our school setting
-
- making appropriate referrals to the Local Authority for early intervention and support where necessary
- ensuring that staff member(s) or governor(s) responsible for safeguarding are kept fully aware of their responsibilities, by attending relevant training and briefings
- letting staff, parents and pupils know how to voice their concerns
- responding to any allegations appropriately in accordance with appropriate school policies and procedures

Equality Impact Assessment

We are reviewing key policies, functions or procedures that have been assessed as relevant to meeting the duties set out under the Equality Act 2010.

The main system by which we will assess the impact of our current policies, functions or procedures will be through carrying out Equality Impact Assessments.

We need to understand whether our policies and services are meeting everyone's needs and that anyone who needs to can get access to them. To do this we undertake Equality Impact Assessments (EIA) to test how we are doing at the moment and what can be done better in the future. An EIA will decide whether a policy or service has a "positive, negative or neutral impact" on some sections of our school and local community. It will also be used to test future policies or services. The impacts will enable us to take into account the needs of different groups of people who share one or more of the protected characteristics defined by legislation.

We will consult with the local authority where necessary and our staff and Governors who are responsible for carrying out these assessments have attended relevant training or will be attending future training as part of their role.

Examples of policies / practices that schools should impact assess include those relating to:

- *Admissions and Transfer*
- *Attendance*
- *Exclusions*
- *Curriculum*
- *Uniform*
- *National Healthy School Status*
- *Discipline*
- *Sports*
- *Careers/work experience*
- *Anti-bullying, harassment and Discriminatory policy*
- *Domestic Violence and pastoral support*
- *School trips*

Publishing and raising awareness

We recognise that our Single Equality and Community Cohesion Policy is a public document that should be available to any interested stakeholder.

Little Heaton Church of England Primary School

Specific Duty

Under the Equality Act 2010, we recognise that from April 2012, as a school, we also have a “specific duty” to:

1. Publish sufficient information to demonstrate compliance with the general equality duty every four years, with an action plan review on at least an annual basis. This can include information on the effect that our school policies and practices have on protected groups.

We will also

2. Prepare and publish equality objectives in an accessible manner, to meet one or more aims of the general equality duty, and supporting the local authority in publishing relevant information to demonstrate compliance where necessary.

Examples of the types of information we will consider include:

- Information that was published before preparing our school objectives.
- Information about the engagement undertaken when developing objectives
- placing the policy it on our website
- making it available on request

Monitoring and evaluating the Single Equality and Community Cohesion Policy Action Plan

We will regularly monitor and evaluate the implementation of our Single Equality and Community Cohesion Policy Action Plan. We will report annually on our progress and performance. Our annual report will be shared with Governors and our School Improvement Partner. A summary will be provided for parents and published in our prospectus. Both will explain how the full report can be obtained. We will inform staff and pupils of our progress.

The findings of our annual report will be used to update the Single Equality and Community Cohesion Policy Action Plan.

We want this Single Equality and Community Cohesion Policy to be a ‘whole organisational’ document that drives forward equality and achieves improved outcomes. We will therefore ensure that the Action Plan is an integral part of our School Improvement Plan, and as such, our progress will have regular oversight by the senior leadership team and the governing body.

Information and data, both quantitative and qualitative, will be used to monitor and evaluate the implementation of the action plans including information on the school population, workforce recruitment, retention and progression, special initiatives, progress at key stage levels and targets and future plans will be reported on to ensure effective monitoring.

We will formally review, evaluate and revise this Single Equality and Community Cohesion Policy and Action Plan every three years, to set new priorities and identify new actions. This process will again involve staff, pupils, parents and governors who reflect the full diversity of the school community.

The school has a procedure in place for recording, reporting and responding to racist incidents. The school will continue to comply with the Local Authority procedure for monitoring racist incidents so that the information can be analysed. This procedure is outlined fully in the *guidelines for schools in combating and recording racist incidents*.

The Single Equality and Community Cohesion Policy and Action plan outlines the roles and responsibilities of everyone involved and connected with the school, so that each individual knows what is expected of them. Promoting equality and preventing discrimination, victimisation and harassment is

Breaches of the Policy

Breaches of this Single Equality & Community Cohesion Policy will be dealt with in the same way that breaches of other school policies are dealt with, as determined by the Head teacher and Governing Body.

If a member of the public feels that they have suffered harassment or been treated unfairly by the school because of their age, disability, gender, gender reassignment, marital status, pregnancy or maternity, race, religion or belief or sexual orientation, they should report this without fail through the School's complaints procedure.

Complaints by staff will be dealt with under the Grievance or Dignity at Work Policies, as appropriate. Monitoring complaints is also another way of gathering information to see whether we are meeting our equality duties. We will report annually on complaints made and action taken as part of monitoring the Single Equality and Community Cohesion Policy.

**Equality & Community Cohesion Policy Action Plan
2019- 2022**

Our action plan shows explicit objectives for disability, gender, gender reassignment, pregnancy and maternity, race, religion or belief, sexual orientation and community cohesion issues with:

- Clear allocation of lead responsibility
- An indication of expected outcomes or success criteria
- Agreed milestone / indicators of progress towards the objectives
- Target date
- A specified date and process for review

This should be a robust and detailed three-year equality action plan that demonstrates how you will implement your Single Equality & Community Cohesion Policy. You may choose to use the different sections of this policy as headings and transfer the priorities that you have identified, or you may choose to combine priorities together, and use subheadings of your own choosing such as teaching and learning, curriculum, extended services, staff.

With all actions, you will need to give consideration to the public sector duties which are due to be implemented in law from April 2011. These are:

- eliminating prohibited conduct
- advancing equality of opportunity
- fostering good relations

You may wish to consider how the action plan will be incorporated into a framework that has the oversight of a governing body, so that progress is checked.
