

## End of Year Expectations for Year 4

This document provides information for parents and carers on the end-of-year expectations for children in our school. The staff have identified these expectations as being the minimum requirements your child must meet in order to ensure continued progress throughout the following year.

All the objectives will be worked on throughout the year and will be the focus of direct teaching. Any extra support you can provide in helping your children to achieve these is greatly valued.

If you have any queries regarding this information or want support in knowing how best to help your children please talk to your child's teacher.
